To THE ENDS OF THE EARTH

*"In the last days...
Instruction will go forth
from Zion, and the Word
of the Lord from
Jerusalem" (Isaiah
2:2,3).*

Isaiah prophesied that in the last days the Word of the Lord will go forth from Zion...and it is! Incredible discoveries are being made in Israel that make it possible to understand the Bible more accurately than for almost two thousand years! And this new information is going out to the nations—even to the most remote corners

of the globe. Help **To the Ends of the Earth Ministries** train pastors, missionaries, and church leaders in Asia with information and media from Israel.

LANDMARKS OF FAITH is a multimedia seminar series featuring archeological discoveries and Biblical insights from Israel and the Middle East. Since 1996, Landmarks seminars have been presented to thousands of students in the U.S., Canada, Taiwan, and the Philippines. Five seminars are currently available: (1) Jesus of Nazareth, (2) The Jewish Roots of Christianity, (3) The Revelation of Jesus Christ to John, (4) Great Discoveries of the Bible and (5) Evidence of the Creation. Look for other Landmarks of Faith seminars coming soon!

The "To The Ends" **INTERNET MINISTRY**, in both English and Chinese, reaches out around the world with free teaching materials, a monthly newsletter, and an extensive web site. Visit www.totheends.com for the latest information from Israel, complete with free e-books, photos, Hebrew songs, recommended reading, articles, questions and answers, and much more!
